INSTITUTE AFTERMATH

CHICKEN ORDINANCE

The Crittenden County Teachers Institute Closed Aug. 10, 1912. The Following Resolutions Were Adopted.

We your Committee on Resolutions beg leave to submit the following:

1 Resolved that we express our grateful appreciation to the people of Marion for the courtesy and hospitality shown us while here.

2 That we extend our thanks to Miss Dell Barnes for the use of her piano during the week, to Revs. Mather, Miller and Oakley for their services in conducting our devotional exercises.

3 That we express our appreciation to Drs. Frazier and Heizer for their efforts for better sanitary conditions in the schools of Crittenden county and to Mr. Lawson and the orchestra for the music rendered.

Passed and approved Aug. 13, 1912.

T. H. COCHRAN, Mayor.
J. C. BOURLAND, City Clerk.

The "chicken ordinance" made a law by the City Council at its last meeting, copy of which we publish above is one of the fairest and most equitable ever passed by that august body. By its provisions a citizen may have all the chickens he needs, provided he keeps them at home.

A man has no more right to ask his neighbors to graze hogs, cows, and horses for him on his front lawn than he has to turn loose on him, without asking, a score or more of chickens to litter up his premises and scratch up his yard or garden. It is a much easier matter for each resident to provide shelter and yard for a few fowls than it is for all his neighbors to chink up every crack to keep them out.

The measure is progressive and is worthy of a progressive city and of the progressive citizens who proposed it. The idea of allowing cows, horses, hogs or chickens to "run out" is quite primitive and is still in vogue so we are informed at Hogwallow, Ky., and a few other such places in the back woods where the scream of the steam car has never been heard. We have passed that stage. Let us relegate such antiquated old foggy styles to such communities and each one put his shoulder to the wheel to make Marion more beautiful by planting a flower, a vine a shrub or a tree instead of allowing chickens at large to scratch up the flowers and destroy those already growing. Put us down for the ordinance and every other one which means a more progressive and beautiful city.

9 That we heartily endorse the noble work of the Western Kentucky State Normal School and urge that every teacher in the county take advantage of the opportunities offered by this great institution.

10 That since we have become cognizant of the great inspiration and assistance to be derived from our F. D. E. A., we shall as a body endeavor to be present at Paducah, Nov. 29-30.

11 That we heartily endorse the county tournament as a great educational factor in Crittenden County as it will be the means of our schools becoming better acquainted with each other, and thereby be a means of unifying our school work.

12 That we heartily endorse the county tournament as a great educational factor in Crittenden County as it will be the means of our schools becoming better acquainted with each other, and thereby be a means of unifying our school work.

13 And, last. Resolved that we assure the teachers and county Supt. that one half day is not sufficient time in which to write resolutions worthy of so august a body of teachers as is here assembled. Signed,

EVERYBODY WHO IS INTERESTED

In building new things or repairing old ones seems to want to know where the best place is to buy.

We are manufacturers operating saw mills and planing mills in Paducah, Kentucky and Colfax, Louisiana.

When you get ready to buy building material or mill work of any kind, store fronts, store fixtures, stairways, cabinet work of all kinds, write us direct and we will quote you the very best manufacturers price. In this way you save the dealer's profit and the commission man's commission and get the material as it is graded by the manufacturer and not after it has been regraded, in some instances, two or three times by the dealer.

We have no agents or commission men, therefore we appeal to the consumer direct for his business, guaranteeing goods and workmanship according to order. Write or phone your order. It will have prompt attention.

KENTUCKY STANDS THIRD

In the Matter of Internal Revenue Collections for Year.

Washington, D. C., Aug. 20.—The report of the Commissioner of Internal Revenue of aggregate collections made during the fiscal year ending June 30, 1912, shows that Kentucky's collections for all purposes amounted to \$32,186,875. This is the third greatest sum collected in any one state. Illinois' collections were the highest, reaching \$52,614,483 while New York's were second, amounting to \$43,254,768. No comparison with past reports by states is given in this advance report of the commissioner for 1912.

The collection by Kentucky districts for the fiscal year specified follow: Second, Lawson Reno, Collector, \$3,780,001; Fifth Ludlow F. Petty, Collector, \$16,897,821; Sixth, Maurice L. Galvin, Collector, \$3,889,383; Seventh, Timothy A. Field, Collector, \$4,235,479; Eighth, J. Sherman Cooper, Collector, \$2,142,157; Ninth, Winston W. Wiseman, Collector, \$1,243,032.

For the entire country the consumption of whisky was exceeded only by the year of 1907, but beer drinking fell off substantially.

The unprecedented smoking of 11,121,624,084 cigarettes, exceeding the record of 1911 by nearly 2,000,000,000, amazed Treasury officials, who were unable to account for the enormous increase.

Stored in warehouses the country over are 263,786,070 gallons of whisky and rum, the greatest on record. In Kentucky

I am hale and hearty, am for Barkley and havn't a sore spot nor a kick coming, am doing business at the same old stand, as hopeful of the future as ever, and have nothing but a smile for those who fought me. I aimed not a shot below the belt and if the other fellow did, he is the sufferer and not I. Personal ferment is not the highest purpose that should prompt one to take part in Public service—real service to the toiling masses—is the goal to be aimed at. Defeat for an office, therefore, is only an incident in the life of one desirous to serve his people and his country and he should not be discouraged. Certainly it is not discouraging to me in this instance. I have no complaint to make, even on account of the fact that misrepresentation, the people in many sections of the district to whom I was a stranger when the campaign opened, misunderstand me now and have an erroneous conception concerning of me. I accept it all as the fortune of war. Again thanking you and hoping to see you before long, I am, Your Friend, DENNY P. SMITH.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its function properly, the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. BIG SHAKE-UP AT
EDDYVILLE PRISON

J. B. Chilton, The New Warden,
A Christian County Man.
All Appointments Good.

Frankfort, Ky., Aug. 8.—The Eddyville Branch Penitentiary was given a shaking-up by the Prison Commissioners at last night's session. They announced the warden and three deputies. The employment agent of the paroled prisoners, the Superintendent of the School of Reform and two guards at the Frankfort Prison were announced.

John B. Chilton, of Hopkinsville, Master Commissioner of Christian Circuit Court, was made warden at Eddyville, succeeding H. T. Haggeman. Deputy Charles Miller, of Hardinsburg continues in that place, while deputies E. M. Taylor and William Wilson are succeeded by Clarence S. Glenn of Eddyville, brother of Senator Seldon R. Glenn and Robert Johns of Franklin. They will be known as assistant deputy wardens. The appointment of Johns, who is a brother-in-law of Representative D. V. Hammon, of Simpson, recalls the fact that Johns was discharged as guard at the Eddyville Penitentiary by the former board, while the last General Assembly was in session. The appointment of Henry Cox of West Liberty, as employment agent caused some surprise because it was understood he had declined the place. He was a candidate for prison commissioner and afterward was tipped as employment agent. He was a member of the last state central committee. John W. Milliken, brother of the tax receiver of Louisville, retains his position as superintendent of the school of Reform of Lexington. The only changes made in the Frankfort prison were in the appointment of Lafe Kitchen, and John Kounz, of Ashland as guards. Two men will be dropped when the new appointees assume their duties. Commissioner Lawrence said the names of those who are to be dropped will be made known later.

Speculation in regard to the wardenship at Frankfort has settled down to the general opinion that E. E. Mudd will stay.

Report of Convention

Sunday School convention No. 1, of Crittenden Co., met at Glendale school, July 23, 1912, with a nice orderly and attentive audience present.

The nicely arranged program was rendered elegantly indeed and the Glendale choir furnished us excellent music. Rev. T. C. Gabauer was present and at his best. His talks were very much enjoyed by all and we trust will yield an abundant harvest.

We shall never forget the good people of Glendale for their good dinner and kind hospitality; also Bro. R. M. Franks for his untiring efforts in the Sunday School work. A number of schools handed in good reports, and a good feeling prevailed generally throughout the entire assembly.

Total collection including cash on hands and money pledged was \$16.61. Joseph Foster, County Sec'y.

Tradewater consumers will testify to it being o.k. Call on Marion Coal & Trans. Co.

THE END OF TUBERCULOSIS

Cows and Hogs—and Men.

By PRESIDENT TAFT. We have an agricultural department, and we are spending \$14,000,000 or \$15,000,000 a year to tell the farmers by the results of our research how they ought to treat the soil and how they ought to treat the hogs and how they ought to treat the cattle and the horses, with a view to having good hogs and good cattle and good horses. There is nothing in the constitution especially about hogs or cattle or horses, and if out of the public treasury at Washington we can establish a department for that purpose it does not seem to be a long step or a stretch of logic to say that we have the power to spend the money in a bureau of research to tell how we can develop good men and good women. Some of our enthusiastic conservators of national resources have calculated how much the life of each man and each woman in the community is worth to that community. I do not think it necessary to resort to that financial calculation in order to justify the saving of human life, such as can be accomplished by the results of research and advice that will proceed from a properly established bureau of health.

Since You Have Gone.

There is something gone from the Star-time, And something missed from the day:

There's a void in the song of the Thrushes,

Since you have gone away; The dawn and the sunset splendor.

Are tinged with a solemn gray, And the sapphire skies have grown sadder.

Since you have gone away. There is something gone from the music

And the songs are not so gay; And the brooklets murmur faintly

Since you have gone away. The zephyrs are softly sighing

That ruffle the foamy spray And the sheen has gone from the moonlight

Since you have gone away. There is something gone from the moonlight,

Since you have gone away. There is something gone from the flowers;

Ring on the dewy spray, And something missed from the morning

Since you have gone away. And the nights with their stars are lonely

And my heart is a lump of clay, For I miss you. I miss you, I miss you.

Since you have gone away. —Selected.

terian Theological Seminary. Later he accepted a pastorate in Wilmington, N. C. Woodrow Wilson entered Davidson College, North Carolina, in 1873, and two years later went to Princeton University, where he graduated in 1879. Shortly after his graduation at Princeton he entered the Law Department of the University of Virginia, and in 1882 located at Atlanta, Ga., where he began the practice of law.

"Giving up the law, he spent two years at Johns Hopkins University, and in 1885 accepted a professorship in Bryn Mawr College. From this institution he went to Wesleyan University, and in 1890 was called to Princeton to take the chair of Jurisprudence and Politics. In 1902 he was elected president of Princeton University, and in 1910 resigned that position to make the race for Governor of New Jersey as the candidate of the Democratic party."

"Governor Thomas Riley Marshall, Democratic nominee for Vice President, was born in Wabash county, Indiana, on March 14, 1854, and is a descendant of the Marshalls of Virginia, being a grand-nephew of Chief Justice John Marshall. He graduated from Wabash College, Indiana, in 1873, was admitted to the bar in 1875, and began the practice of his profession at Columbia City, Ind. He held no public office until elected Governor of Indiana in 1908. He is classed as a progressive in politics. Gov. Marshall is a member of the Presbyterian church."

"Seven religious bodies have been represented by the twenty-six Presidents of the United States. There have been eight Episcopalians—Washington, Tyler, Madison, Monroe, the first Harrison, Taylor, Pierce and Arthur; six Presbyterians—Jackson, Polk, Buchanan, Lincoln, Cleveland and Harrison; four Methodists—Johnson, Grant, Hayes and McKinley; two adherents of

the Reformed Dutch church—Van Buren and Roosevelt; two Congregationalists—the Adamses; two Unitarians—Fillmore and Taft; one Liberal—Jefferson; and one Disciple—Garfield."

Catarrh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure you must take internal remedies. Hall's Church Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Church Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the most blood purifiers, acting directly upon the blood vessels, and removing all obstructions to the circulation, thus removing all catarrhal symptoms. We regret to announce to the public that Carrsville didn't have any representative at the Chicago Convention this LAST TIME. But the "Bull-Moosers" are in the woods just the same flying their red bandanas and standing for the Progressive Party at deals with living issues. -- Carrsville Enterprise.

TAFT ADDING POWER.

When the reading of a veto was finished in the House recently, Representative Stephens, of Nebraska, Democrat, introduced a resolution for the passage of any vetoed measure by a majority vote. A two-thirds vote of both houses is now required. Mr. Stephens declared Mr. Taft had used the veto power more than it had been used in the first half century of the nation's history. He added that the President of France had no veto power and that while the King of England enjoyed the privilege he had not dared to use it for 220 years.

Please change my address from 115 Grand Ave. to 109 Jackson Ave. Have moved and if my old mail carrier is off, I fail to get my paper--failed to get it this week. We all look forward to the day the Record-Press comes and if we fail to get it we are disappointed.

I see you are advocating the Good Roads Question in old Crittenden county which is certainly what you need. I wish you folks could see the roads here in Madison Co. We have 19 roads out of Jackson that are graded gravelled for five miles out. They are now working on the great Highway from Bristol to Memphis which comes right through Jackson. Hope some day to visit you in Old Crittenden and see as good roads there as we have here. With best wishes to you and all the Crittenden county folks. I remain, Yours truly

DOLL TELLS OF DEATH.

Baby's doll discovered floating in the river, convinced the parents of four-year-old Laura Snyder that their beloved daughter had gone down to a watery death at child's play. From a house boat near Cypress, six miles south of Evansville, mother and father stood heart-sick at the sight of the plaything as it was tossed about by the waves. They knew it meant that playful little Laura would play no more.

When Albert W. Snyder, fisherman, and his wife left their house boat on the Ohio river their baby was fondling the doll, seemingly safe from the current of the river. The child had been left that way before.

The parents were attracted by no outcries when they returned to the boat fifteen minutes later, but they went back from the river bank to put baby to bed. Alarmed at not finding the child where it had been left caressing the doll, they rushed to the edge of the boat.

An all night search was conducted by the frantic father. The body of the little girl was found at 4 o'clock Monday morning a few feet from the spot where she had apparently rolled off the boat.

BULLIT'S PARTNER IS TANGLED

Washington, Aug. 19.—Attention of senators has been drawn to the fact that William Marshall Bullitt of Kentucky, just nominated by President Taft to be solicitor general of the United States is a member of the firm of Bruce & Bullitt, lawyers of Louisville, whose senior member's name appeared in the Archibald impeachment investigation.

In testimony brought out against Judge Archibald it appeared that Helm Bruce, of Bruce & Bullitt, acting as attorneys for the Louisville & Nashville railroad, was in private correspondence with Judge Archibald after the latter had taken under advisement a case affecting that

railroad and Atty Bruce supplied Judge Archibald with "supplemental argument" in regard to the matter under the court's consideration, which supplemental information and argument were found later to figure largely in the opinion as rendered by Judge Archibald, it is alleged.

place.

Afternoon Bro. R. C. Love called us to worship. He read one of the Psalms and commented briefly then called for Bobie Sleamaker to lead us in prayer which was very excellent. We then sang "How Firm A Foundation" after this Bro. G. Y. Wilson conducted an old time Methodist class meeting, and Bro. R. C. Love was the first to respond.

He stated that he had been a Christian fifty-two years or fifty-eight years, I am not sure. His brothers in regular order gave testimony, and so on down as the families came in. A great many gave testimony after this we

sang "God Be With You Till We Meet Again." During this part of the exercises our eyes were

bedimmed so that we can't tell what happened, but we felt the grasp of friendly hands and af-

ter straightened up a little, we found ourselves getting off home but we did have a benediction.

Thanks to all and Harry Crawford. —R. M. F.

Miss Susie Boston entertained Wednesday afternoon Aug. 14, with a party for her little cousin Miss Georgia Duke Hartzell of West Manchester, Ohio who is visiting her.

Reminiscences From a

High School Star

My Dear Friend Jenkins,
A letter came to me today from Miss Rosa Schwab, of Memphis, Tenn. It is a letter full of reminiscences, wit and humor concerning the school life she led in Marion. Had I been permitted to come to Marion to conduct the Institute, this letter would have been read by me on that "Evening at Home with Evans," but since the illness of my son deprived me of this great pleasure I am sending you this letter that you may publish it and delight all those who knew this capable and brilliant Marion girl.

Will you permit me say to all of my former pupils who were planning to make my home coming a happy one, that I thank them with all my heart. It will have been worth much to have been with them, but the joy is merely deferred for I shall meet them some time.

Your Friend,
Aug. 9, 1912. CHAS. EVANS.

Memphis, Tenn., Aug. 3, 1912.

My Dear Mr. Evans,
I am very sorry that I cannot be with you good people dur-

ing the Reunion and Institute. I had hoped to arrange matters so that I could come, but my vacation will come along later in the month.

The other day I ran across a new poem by Kipling and it appealed so forcibly to me, that I have been handing a copy of it to every body I know. Knowing that you are always looking for good things to give to your boys and girls, I am sending you two hundred copies. I do not know whether Mr. Kipling will approve of my giving his work away so freely, but I had a Saturday afternoon a multigraph machine and one hour to spare and a heart full of love for the dear old boys and girls and their pupils, up there in the Pennyville District, and so I have just turned them out, and am enclosing them under separate cover. I would like for you to use them as you see fit. If every teacher is impressed with the sledge-hammer blows of truth and strength which Kipling deals with each line in this poem, as I have been, they will not rest until every boy and girl in Crittenden county knows this poem.

I just wish you would give a copy to each one of the teachers with my very best wishes. I wish I could do something worth while for Crittenden, as so many of my old schoolmates have done. It warms the cockles of my heart to read about the honors awarded at Lexington to the Marion Boys. I believe there is something in the soil and water in that dear old town, which puts some of the tenacity of the bulldog into the children, and they win because they cannot turn loose! Since Ollie James put Marion on the Map, I have never failed to embrace an opportunity to advise my acquaintances that Marion produces lots of men like that! Everybody cannot be Chairman of the Democratic National Committee, therefore Marion chose among all her worthy men, one of the baldest, as being the most conspicuous of the worthy ones.

I have just rested my eyes for a moment, looking far away over the Mississippi River. You know I am fourteen stories up in the air here. I can see up and down the River for 15 miles, and Arkansas across the water looks pretty bare since the flood. Out of our eastern and southern windows we can see a long stretch of churches, sky-scrapers, factories, homes, parks, and as it is growing dark, the long necklaces of streetlights twinkling like stars for miles and miles. This is a very busy, booming town.

AFTER ANY

sickness, Scott's Emulsion increases the appetite and builds strength rapidly. Its wonderful nourishment assists nature in restoring health. All Druggists.

Scott & Bowne, Bloomfield N. J. 12-7

It has grown wonderfully since I came to town. In fact the real estate men are doubling the extent of the city, and every paper and magazine knows that Memphis made articles are the best. And with the two big libraries, three theatres, beautiful parks and Zoo, we have all the opportunities in the world to enjoy ourselves. By the way, the Goodwin Library is an institution which should be of interest to the people of Livingston County particularly. Mr. Goodwin came from near Salem many years ago to Memphis and here amassed a fortune in cotton. He lost his little children, one by one and when he died seven years ago, he bequeathed all of his wealth to the city of Memphis, for the purpose of erecting the Goodwin Institute, which is used for free lectures of the very best literary, technical, musical, art lectures, etc. Besides, there is a library in the building, in which may be found books on every subject, and it is especially designed to give information to boys who are training for some special profession. You can go to the Goonwin and find out how to farm by modern methods. You can also ascertain how to run an automobile, and we certainly have many of them here.

I think the best part of Memphis is its delightful artesian water. Long time ago, I read in our old Geography that "Memphis is the largest hardwood lumber market in the world, and its system of artesian wells are unsurpassed." It is the truth. The water bubbles in your glass like soda water, and is really medicinal.

And with all of its advantages, when I compare the hurry and bustle of Memphis with the quiet, sincere, good-haractered whole-souled air which pervades Marion, I want to come back. I want to find a quiet nook under a tree, a good old rocking chair, one of those cane-bottom ones which creak, creak, creak, and I want to find a good old book, and just read and listen to the crickets and birds, and look up at the good old blue sky. I think it is bluer in Kentucky than anywhere else.

Anyhow—I did not mean to write all this—I intended to say, "How do you do?" and shake your hand, and wish you a very successful week. I hope that among all the old graduates, I am the only one missing, and that you will not miss me much. I believe if I keep thinking about it, I will just jump on the train and come up. And just think, Miss Alice will be there, and I cannot see her! I am actually homesick for the old locust trees out there in the schoolyard and the dust and weeds—dear old milk-weeds and dog-fennel. I have not seen any for so long!

Well, as my little brother says,

Pale Faces

Pale-faced, weak, and shaky women—who suffer every day with womanly weakness—need the help of a gentle tonic, with a building action on the womanly system. If you are weak—you need Cardui, the woman's tonic, because Cardui will act directly on the cause of your trouble. Cardui has a record of more than 50 years of success. It must be good.

E 60 Take CARDUI

The Woman's Tonic

Mrs. Effie Graham, of Willard, Ky., says: "I was so weak I could hardly go. I suffered nearly every month, for 3 years. When I began to take Cardui, my back hurt awfully. I only weighed 99 pounds. Not long after, I weighed 115. Now, I do all my work, and am in good health." Begin taking Cardui, today.

"Have a good time," and when you have done that, there is nothing left to do, except to feel sorry for me because I cannot see you doing it! Yours,

—ROSE SCHWAB

"I was cured of diarrhoea by a dose of Chamberlain's Colic, Colic and Diarrhoea Remedy," writes M. E. Gebhart, Oriole, Pa. There is nothing better. For sale by all dealers.

"Cowboys are much better fellows and pleasanter companions than small farmers or agricultural laborers, nor are the mechanics and workmen of a great city to be mentioned in the same breath."

"Mr. Bryan and his adherents have appealed to the basest set in the land—the farmers."

"They (workingmen who object to government by injunction) are not in sympathy with men of good minds and sound civic morality."

Hits Quakers Too.

"They quoted from what he said about the Quakers, that those who would not fight were traitors to their country."

"They said that when the farmers and workmen and the Quakers came to know what Theodore Roosevelt had written about them they would rise up with wrath and indignation and bury Theodore Roosevelt beneath an avalanche of votes. They said that Roosevelt would not answer that exposure of his views, and, of course, he never did. I agreed with them that it was the proper thing to do to herald these utterances through the country."

"As to whether or not that sort of campaigning had any effect the result of the campaign eight years ago speaks for itself."

"The Republican party is attempting to do today the same sort of thing that the Democrats tried in 1908. The Democrats out-Rodenberged Mr. Rodenberg. They were eight years ahead of him in this sort of thing. It didn't work with us then, and it will not work with them now."

Stands on His Record.

"The attempt to attack Governor Wilson because of certain statements which he made in writing history and in commenting upon events of history as they appeared to him as historian will fail signally. As one great metropolitan newspaper pointed out, Mr. Rodenberg and his kind are simply 'blowing against the wind.' Governor Wilson is running for president on his record as public man, and with that record the public is fairly well conversant, and it will continue to learn more as the campaign progresses."

"He is running for president on his record as governor of New Jersey—what he said and did in that capacity rather than what he wrote as a historian, chronicling events and commenting upon them as they appeared to an impartial observer whose duty it is to write of things as they are rather than as they should be or as he would have them."

"Our Republican brethren are entitled to all the thunder they can make out of Governor Wilson's writings. I hope they will read them carefully and thoroughly. They will be able to gain a great deal of valuable information, and when the context is read along with the excerpts which have been taken from his works for the purpose of placing him in a false light I have no fear as to the results. All that is needed is a thorough understanding."

"Ingersoll sought to disprove Bible truths and to assuage Holy Writ by the same methods which the Republicans are seeking to assail Governor Wilson."

The average business man has awakened to the fact that it is a good investment to give some of his time to political affairs. This is one of Democracy's best signs of victory."

Perhaps the Republicans, as represented by Taft, are satisfied with the Payne-Aldrich tariff bill. But the majority of the voters are not.

WILSON STANDS ON HIS RECORD

Josephus Daniels Invites Close Study of Writings.

SLANDER WON'T WIN NOW.

Chairman of Democratic Publicity Bureau Points Out Errors of Campaigns of Previous Years and Finds a Good Moral—Roosevelt Also Wrote Books and Made Bitter Attacks on Various Men and Classes.

New York.—Josephus Daniels, chairman of the publicity committee of the Democratic national committee, said today:

"Eight years ago during the presidential campaign of 1904 I came to New York, and, being a member of the Democratic national committee, I dropped in at the headquarters of the committee. I found the literary bureau of the committee very actively engaged in perusing the volumes of Theodore Roosevelt. When I saw on every desk 'The Winning of the West,' 'The Life of Thomas H. Benton' and a half dozen others of the works of the then Republican nominee for president I wondered whether or not I had got into the right place."

"I was immediately set right, however, when I was informed that the literary young men were engaged in culling from those books some of the many denunciations and bitter criticisms and attacks made by Theodore Roosevelt upon public men and measures and his aspersions upon great representative bodies of our people, such as workingmen and farmers."

"I found them preparing to send forth broadcast all over the land such excerpts from the writing of Theodore Roosevelt as:

"Cowboys are much better fellows and pleasanter companions than small farmers or agricultural laborers, nor are the mechanics and workmen of a great city to be mentioned in the same breath."

"Mr. Bryan and his adherents have appealed to the basest set in the land—the farmers."

"They (workingmen who object to government by injunction) are not in sympathy with men of good minds and sound civic morality."

THE HALL OF FAME.

ABRAHAM LINCOLN—Sixteenth president of United States. Born Hardin county, Ky., Feb. 12, 1809; died Washington, April 15, 1865, having been shot in back of head the night before at Ford's theater by John Wilkes Booth, assassin. Descended from Quaker family of English origin. Parents exceedingly poor. Settled with family in Indiana in 1816 and in Illinois in 1830. Was farm laborer, storekeeper, surveyor, captain in Black Hawk war. Whig member of Illinois legislature 1834-42. Whig member of congress 1847-49. Admitted to bar in 1850. His debates with Stephen A. Douglas in 1858, in which Lincoln took pronounced stand against slavery as an institution, attracted national attention. Nominated for president by Republican party in 1860, elected, inaugurated March 4, 1861. As executive he handled the serious problem of the civil war. Emancipated all negro slaves as a war measure Jan. 1, 1863. Re-elected president in 1864.

Stands on His Record.

THE SIGN OF A GOOD WAGON

TENNESSEE

THE PROOF OF THE UNEQUALED QUALITY OF THE

TENNESSEE WAGON IS IN ITS WEIGHT

EVERYBODY KNOWS the better the quality of timber, the more it weighs.

wagon is in its ironing, but most of it is in the better quality of timber used in

building it. Notwithstanding "TENNESSEE" wagons weigh more, size for size,

they are easier running than any other wagons as proven by the

testimony of hundreds of thousands of users who are putting them to the test every day and who write the manufacturers

of them such letters as the one below.

"TENNESSEE" WAGONS are not only made of better timber and better

ironed, but they are more handsome and

durable painted than any other wagons.

HUNDREDS OF THOUSANDS OF THEM in use every day rendering

perfect service, proclaim

their quality and value louder than any words can express.

COME IN AND SEE THEM on our floor and you will be convinced that

Report of Convention.

Crittenden Co., Sunday School convention No. 2 met at Hill's Chapel, July 25, 1912. By 9:30 a good crowd had assembled and after singing by the Sugar Grove choir Rev. J. A. Wheeler led in devotional service.

The following persons took their places on the program and gave us excellent talks: G. M. Travis, Rev. J. F. Price, Rev. T. C. Gabauer, R. M. Franks, Miss Stephens, Judge J. W. Blue and W. D. Cannan. We also had a splendid talk by Rev. J. B. Adams.

Not only did the Sugar Grove choir render us excellent music but the choirs from Crayne and Cave Springs assisted very ably in this work. We wish to make special mention of the mu-

with God that does not accord with the state of the heart and only an upright spirit can maintain a deceitless tongue. The fruit partakes of the nature of the tree. What is in the well, will be in the bucket; a good man out of the good treasure of his heart bringeth forth good things, for out of the abundance of the heart the mouth speaketh.

FACT

Local Evidence.

Evidence that can be verified, act is what we want. Opinion is not enough. Opinions differ.

Here's a Marion fact.

You can test it.

G. W. L. Nesbitt, Marion, Ky., says: "Kidney disease had made me an invalid. I was often in bed for two weeks at a time and no tongue can describe my suffering. I had often wished that death would come and end my misery. The kidney secretions become highly colored and my limbs were badly swollen. My sight also failed and the doctors had little hope for my recovery. I could hardly hold my arms above my head, in fact, my right side was paralyzed I had lost all hope when a relative advised me to try Doan's Kidney Pills. I finally consented to give this remedy a trial, and a box was procured at Haynes & Taylor's Drug Store. I improved from the first dose and after I had taken the contents of one box, I was so greatly relieved that I felt confident I had at last found something that would cure me. One by one the symptoms of my trouble disappeared, and in three months I was a well man, attending to my business in the usual way. That Doan's Kidney Pills are the greatest remedy in the world for kidney disease, is a fact of which I am firmly convinced."

The above statement was given Feb. 3d, 1908, and on Feb. 3d, 1909, Mr. Nesbitt said: "I still believe Doan's Kidney Pills are a good kidney remedy. I have not used any in over a year. You are at liberty to publish my former statement."

Letter From Tennemo, Tenn.

Tennemo, Tenn., Aug. 1912.—To the Crittenden Record-Press, in old Crittenden Co., Ky. It makes one feel good to look on its pages. Well, dear editor you Kentucky people ought to have been here through March, April and the fore part of May. Everybody traveled alike. They all rode in boats. The Mississippi river at this place was only 26 miles wide where our crops are now, was only from 8 to 20 feet deep. All the houses are from 3 to 7 feet from the ground, and the water was from 2 to 5 feet and 7 inches over the floors. So you see it was no trouble to go boating. The overflow thrown all the crops late, then after they were planted there came a water-spout to drown out a great deal of corn and cotton. After that, the worms, both cut and bud worms, have at work. Some people have planted corn four times on the same ground this year and still there are patches of 1 to 15 acres after being planted four times has no corn. So the corn and cotton crop is cut less than one-third of a crop in the upper Mississippi bottoms. We have corn tasseling and some just coming up. How does that sound for a corn crop? All we have to make sure of for stock feed is fodder, peas, and millet, and not much of that.

Oh say, I have one question I want to ask the Bible readers, "What is the historical books of the Bible; the poetical books and the prophetic books?" Please name them.

If this escapes the waste-basket, I will come again some time.

Pears on Japonica Bush.

James McDonald of the north part of Madisonville, has in his yard a freak in the way of a japonica which is this year bearing pears. The bush is near a pear tree and is six or seven feet high. There are now on the bush about half a dozen well-developed pears which will in time ripen. The supposition is that the pollen from the pear tree, mixed with that of the japonica, and thus brought forth new fruit.

We would be glad if Burbank could see the fruit as it now is and know what he has to say of the new kind of pears.

A Whole Menagerie Loose in Todd County

There was a whole menagerie, "united and turned loose," on exhibition in Ewing & Russell's grocery Monday morning, a bear a fox and two wolves mixing and mingling peacefully together. J. A. Baer, the popular traveling salesman, walked in the store and greeted Clerk Will T. Fox, and was then introduced to W. S. and Wallace Wolfe, father and son, who live north of town.

While these "animals" were talking in "jungleish," a Lamb, (Mr. C. C.) passed, but everything was so peaceful he was unaware of his danger, and his old-time enemies didn't appear to notice him. Mr. Baer says he was in the same size menagerie once before, but there was in addition, a Lyon in the crowd. There are quite a number of these in Todd, too, and Mr. Baer may yet find one in his future trips to Elkton Times.

sioner's office, immediately upon the completion of the examination, where they will be opened, graded and certificates issued to those successfully passing the examination. These certificates will entitle the holder to be considered by the county Judge as eligible for the appointment, so far as the candidate's educational qualifications are concerned, but the County Judge will be responsible for determining the length of the service of his appointees and as to their general qualifications.

The office of County Road Engineer is a very important office, and it is hoped that each county will have one or more applicants for examination.

The Legislators realized that while it was advisable to secure engineers to handle the road work of the various counties, that it was not practical to force the counties to employ engineers because of the high salaries they are able to command and the scarcity the technically trained men to handle the position, hence they provided for a practical road man, who should take the examination before the State Commissioner of Public Roads.

The State Commissioner wishes to see this law carried into full force and effect and to assist the county officials in carrying out the spirit of the law, hence the examinations are arranged for so as to meet the convenience of the applicants at the least expense to themselves and to the State.

Each County Judge of the State is urged to co-operate with the State Commissioner in securing eligibles from which the County Judge may make his appointments.

Reputable engineers will not be required to take the examination for the office of County Road Engineer. The County Judge will be responsible for the qualifications of any Engineer who is employed upon his reputation as Civil Engineer. It is recommended that Civil Engineers be employed where they are available. R. C. TEBREL, Commissioner.

Applicants for Road Engineer for Crittenden County will take notice to the above.

J. W. BLUE, Co. Judge.

CHAPEL HILL

The annual protracted meeting is in progress at this place, beginning the 3rd Sunday. Bro. Wallace Clift, of Marion, is assisting Bro. Thompson in the preaching and also conducting the singing.

Mrs. Ed Hill, of Kansas, is visiting her sister, Mrs. Josie Minner, and children of this place.

Mrs. Jettie Clement and son, of Illinois; and Mrs. H. H. Hill, of Marion; spent Monday with Mrs. Essie Clement and children.

Herschel Jennings, Missouri, arrived Sunday afternoon to be the guest of his parents, Mr. and Mrs. Charles Jennings, of this place, and to attend the protracted meeting.

B. I. Allen and wife and Jas. Bryant and wife, of Oak Grove neighborhood; Joe Parr and family, of Fredonia; Mr. and Mrs. Billie Loyd, Elmer Threlkeld and sister, Miss Ruth, of Crayne, attended services at this place Sunday.

C. R. Young and family, of Amarillo, Texas, visited at the homes of H. S. and J. A. Hill last week.

Ulie Threlkeld, wife and little daughter, of Crayne; Mrs. Alice (Threlkeld) Foster, of Missouri, spent Sunday the guests of H. S. Hill and family.

NEW SALEM

Jesse Tyner has a very sick child at this writing.

John Capron and family, of

Birdsville, were guests of relatives near New Salem last week.

Robert Mahan is very sick at this writing.

Mrs. Eliza Hicks, of Pinckneyville, is the guest of her son, Haywood.

Our people generally attended the camp meeting at Hampton, Sunday.

We are glad to see the improvements going on in Salem. H. D. Pollard, the concrete man of Marion, with a large force of hands, is putting in concrete walks the full length of Broadway way on the south side.

The crop of this section will not go over 75 per cent of a crop, while some fields are good, others are worthless.

Miss Marion Richards, of Dusburg, commenced the fall term of the New Salem school last Monday with a full attendance.

We heard an old timer say the other day that he well remembers when a man could get a gallon of "corn licker" for 25 cents with the jug and two drinks thrown in. Well if a man gets a gallon now, and two drinks thrown in, and drinks the two drinks, we bet he will never be able to get away with the gallon.

Roy Fort and Harry Threlkeld are "Uncle Sam's" mail carriers on the Salem and Marion route and two more accomodating men would be hard to find.

Mrs. Elizabeth Grassham and Mrs. S. Thorning, of Salem, were guests of their brother, Robert Mahan, last week.

Tom Ladd is erecting a large tobacco barn on his farm.

Fruit of all kinds are scarcer in this section than ever known before.

Lan Waddell is erecting a new barn on his farm.

Ed Grissom, of Birdsville, was the guest of relatives here last week.

Card of Thanks.

We desire to express our heartfelt thanks to all friends who so kindly assisted us and ministered to our son, Ercole Paris, in his last illness and especially do we wish to remember the railway operators, who attended him, and all those who sent such beautiful floral offerings.

O. H. Paris and family.

LOLA

We are sorry to report Fern Daxis and Ross Todd who have been ill for some time with typhoid fever, is no better.

Several from here attended the camp meeting at Hampton, Sunday.

Miss Grace Clement, of Levias, is the guest of her uncle, J. D. Foley.

Miss Oma Malcomb will be our "hello girl" on the switch-board for awhile.

Mrs. Garner, of Carrsville, was the guest of her daughter, Mrs. Eddie Masoncup, last week.

Mrs. Sudie P'Pool, of Laramie, has had as her guests for several weeks, her daughter, Mrs. Mamie P. Nall, of Wheatley, Ark. Mrs. Nall, who is an excellent teacher of broad experience in the school work, will assist her husband, Prof. T. Clarence Nall, in teaching again at Wheatley, where they have taught for eight years. — Cadiz Record.

Bonanza Farm.

Our friend and neighbor, J. L. Clement sold at the stockyards Saturday 288 head of hogs from his farm which averaged 220 lbs each, total weight 63,360 lbs at \$6.50 per head, bringing him the handsome sum of \$5,068.80. These hogs were fattened on corn raised on the place and in feeding his corn on the farm instead of hauling it off. Mr. Clement is following the example of his father, the late Major F. M. Clement one of Crittenden County's most successful farmers.

through here Sunday evening en route home from Lola.

Mrs. Sallie Allen went to Princeton Tuesday.

Miss Hattie Enoch, of Deer Creek, was the guest of Opal Davidson, Sunday.

HEBRON.

Protracted meeting closed Thursday night. Bros. Wilson and Sleamaker preached with power and many were blessed.

Several from here attended the Love reunion at Hardesty Saturday.

Ernest Love, of Sikeston, Mo., spent a few days last week in this section.

Geo. Clement and wife, of Louisville, spent Wednesday with H. E. Wathen and family.

Rev. J. F. Brown was in this section a few days last week in the interest of the American Bible Society.

Heber Dalton, of Elizabethtown, Ill., Ldg., and Orville Watson, of near Carrsville, attended school at Hebron Monday.

Mrs. Andy Paris was taking the washing from the clothesline Wednesday evening during the storm, when the lightning struck the wire breaking it and catching her in its coils. She was badly burned and remained unconscious for some time. A doctor was hastily called and at this writing her condition is not thought to be serious.

Clifton Threlkeld and wife, of Carrsville, spent several days last week, visiting in this community.

Mrs. Jim Swam of Malden, Mo., is spending a month with her parents, Mr. and Mrs. R. P. Underdown.

Mrs. Jane Underdown and daughter, Della, visited in Hardin Co., Ill., last week.

Stella Watson, of Carrsville, spent a few days with E. T. Franklin's family.

Protracted meeting begins at Dunn Springs, Oct. 6th. Rev. H. C. Hopewell, of Princeton, will be with us again.

Mr. and Mrs. Wesley Watson and Jesse Watson and family spent several days with F. E. Watson and family.

Ollie Barger, who has been in Montana for several months, is spending a few days with his father, D. E. Barger.

Live Stock.

Evansville, Ind., Aug 19.—Receipts of cattle to-day were fairly liberal; market active at steady to strong prices on good to choice fat cattle of all weights but the medium and greenish half-fat stuff were very slow sale at a shade lower prices. We look for a strong market on all fat cattle the first of next week. We quote:

Receipts of calves light; market slow to steady prices. Best calves selling from 7 to 7½; medium to good, 7½ to 8; common, 8½ to 9.

Receipt of hogs light; market opened early and active steady to strong prices. Best hogs 150 pounds and up sold at \$8.00; lights, 120 to 150 pounds at \$8.00 to \$8.25; heavy pigs, 100 to 120 pounds at \$7.60 to \$7.90; light pigs, 90 pounds and down at \$7.50 down. Market closed steady.

Receipts of sheep and lambs light; market steady on sheep and slow and lower on lambs. Best lambs selling from 5½ to 6½; common to medium, 2½ to 4½; sheep, 1½ to 3½.
